2020 Player Notes: Congrats to all of the players that made the rosters for the 2020 summer travel baseball season. A coach will be in contact with you soon if they haven't been already with further instructions on the upcoming season. Please make sure you have a current account on www.avonlakerec.com. There will be a \$150 registration fee due to the recreation department this fall. More information on how to register will be out toward the end of August.

U8 Travel: We will not be offering a U8 team for the 2020 season due to the recommendations from the evaluators and recreation staff. We will move in the direction of offering developmental programming year round in our Anchor Recreational Facility. Our goal is to provide players with the proper skill instruction necessary to help increase their level of play and prepare them for the summer season.

U9 Travel: We will offer a U9 team for the 2020 season but are currently in search for a coach before any rosters are finalized. If you are interested in coaching please contact Olivia at owulfooop@avonlake.org. We are looking to set a coach up with a full roster by the end of August.

U12 Travel: Due to only having one U12 team this year, any players who didn't make the 12U team that tried out can contact Olivia at owulfooop@avonlake.org to get added to a list for an attempt to form a second team. We would need a coach as well if there is enough interest.
