

GREENBOX LOCATIONS

June 10 – July 26
Closed July 4 & 5

What is Greenbox?

Exactly what it says—a big green box located in city parks and one at Redwood Elementary. The boxes are loaded with crafts for children between ages 5 and 12 to enjoy the great outdoors during summer months. Each location is staffed with two Greenbox attendants during specific hours to ensure your child's well-being. The program is a staple of Avon Lake Parks & Recreation summer programming and has been around since most local area grandparents attended them as children.
